CISF RTC Behror: A Comprehensive Guide to the Central Industrial Security Force's Recruitment and Training Centre in Behror

The CISF RTC Behror stands as a significant hub within the Central Industrial Security Force (CISF), dedicated to recruiting and training aspirants who aim to serve the nation through specialized security roles. Located in the vibrant city of Behror, Rajasthan, this Training and Recruitment Centre (RTC) plays a crucial role in shaping the future of security personnel dedicated to safeguarding vital installations across India. Whether you are an aspiring candidate or a security professional seeking insights into the facility, this detailed guide offers an in-depth look into the CISF RTC Behror, its functions, recruitment processes, training modules, and more.

Overview of CISF RTC Behror

CISF RTC Behror functions as a pivotal institution within the CISF framework, primarily focusing on the recruitment of new personnel and their subsequent training. The center is responsible for selecting qualified candidates through rigorous examinations and physical fitness assessments, followed by comprehensive training programs that prepare recruits for real-world security challenges.

Location & Accessibility

- Situated in Behror, Rajasthan
- Easily accessible via major transportation routes
- Equipped with modern infrastructure to facilitate recruitment and training activities

Core Objectives

- To identify and recruit suitable candidates for various security roles
- To provide high-quality training aligning with national security standards
- To ensure the continuous development of security personnel

Recruitment Process at CISF RTC Behror

Understanding the recruitment process is vital for candidates aspiring to join CISF via the Behror RTC. The process is designed to be transparent, merit-based, and rigorous to ensure only the best candidates are selected.

- Notification & Application

The recruitment cycle begins with official notifications issued by CISF, typically through employment news, the official CISF website, and other government portals. Key points include:

- Eligibility criteria (age, educational qualification, physical standards)
- Application submission deadline
- Application fees (if applicable)
- Mode of submission (online/offline)

Candidates must carefully review the notification and submit their applications within the stipulated timeline.

- Written Examination

The first screening occurs through a written test that evaluates candidates on:

- General Intelligence & Reasoning
- General Awareness & Knowledge
- Numerical Ability & Quantitative Aptitude
- Basic English Language Skills

Preparation Tips:

- Study previous years' question papers
- Focus on current affairs and general knowledge updates

- Practice reasoning and quantitative problems regularly
- Physical Standards & Physical Efficiency Test (PET)

Candidates who qualify the written exam proceed to the physical assessment phase, which includes:

- Height and weight measurement as per prescribed standards
- Physical endurance tests such as running, long jump, and chin-ups

Sample standards may include:

- Height: Minimum 165 cm (for male), 157 cm (for female)
- Chest: Minimum 81 cm with 5 cm expansion (for male)
- Running: 1.6 km in a specified time
- Long jump: Minimum distance
- Medical Examination

Selected candidates undergo a thorough medical check-up to ensure fitness for the demanding duties of CISF personnel. This includes:

- Vision and hearing tests
- General health assessment
- Any existing medical conditions are evaluated
- Document Verification & Final Selection

The last step involves verification of all submitted documents, including educational certificates, identity proof, and other relevant credentials. Successful candidates receive their appointment letters and are directed to the training center.

Training at CISF RTC Behror

Once selected, recruits are admitted to the CISF RTC Behror for rigorous training that combines

physical conditioning, technical skills, discipline, and security protocols.
