- "Yellow is the color of the sun."

Step 2: Exploring the Sequence

Discuss the order of the rainbow, emphasizing the placement of each color. You can use visual aids or a poster of the rainbow for reference. Explain that the rainbow has a specific order from red to violet, and that this activity will help us understand how colors follow each other in the right sequence.

Step 3: Randomizing the Cards

Mix the cards thoroughly to ensure children practice sorting and sequencing rather than simply recalling the order. Mix them face-up or face-down, depending on your activity focus.

Step 4: Arranging the Cards

- Invite children to pick a card from the pile.

- Guide them to place the card in the correct position relative to the other cards, forming the rainbow sequence.
- Encourage discussion and reasoning, asking questions like, "Where does this color go?" or "What color comes after yellow?"
- Assist as needed, modeling the correct placement when necessary.

Step 5: Creating the Rainbow Sequence

Once all cards are correctly placed, review the sequence together. Reinforce the order by pointing to each color and naming it aloud. Celebrate the accomplishment to motivate continued learning.

Variations and Extensions of the Activity

1. Using Color Words and Labels

- Attach or place labels next to each card with the color name.
- Encourage children to read or match the words to the colors.

2. Incorporating Patterns and Repetition
