Understanding the Foundations of Robert Kaplan Strategy Maps

Who is Robert Kaplan?

Robert S. Kaplan is a renowned Harvard Business School professor and a pioneer in the development of performance measurement and strategic management tools. Alongside David P. Norton, Kaplan co-created the Balanced Scorecard (BSC) in the early 1990s—a strategic planning and management system that enables organizations to translate vision into action. The strategy map is an integral element of this framework, serving as a visual representation that links strategic objectives across different perspectives.

What Are Strategy Maps?

A strategy map is a visual diagram that depicts an organization's strategic objectives and illustrates how they interconnect across different perspectives. It provides a clear, concise way to communicate strategy throughout the organization, illustrating cause-and-effect relationships that drive performance.
